### PEACE TALK.

### Tentative Agreement Reported to Have Been Reached.

Pretoria, April 20. - General De-Wet has gone to Heilbron, Orange River Colony; General Botha, the Transvaal commander in chief, has gone to Vryheld, Transvaal, and vaalers will everywhere accept the terms, as they are in no way anxious for a winter campaign. The only difficulty likely to occur will be, it is thought, with the Orange expected to prove recalcitrant. In the meantime there will be no cessation of hostilities.

The delegates are expected back to Pretoria the middle of May, and in anticipation of their return they have given orders here for new clothes, provisions, etc.

Balmoral (Saturday), April 19.-General Lucas Meyer, commander in chief of the Orange Free State forces, State Secretary Reitz of the Transvaal and the other members of their party arrived here last to the north. They were accompanied by a British escort, and it is their intention to consult with the Boers in the field.

London, April 21.-The Pretoria correspondent of the standard cables that there is good reason to believe a tentative agreement has been arrived at which will prove mutually cordial and lead to an early cessation of hostilities.

The Utrecht correspondent of the Daily Mail says it is recognized there that the Boer delegates at tiate without reference to the Boer

# England's Terms.

London, April 18,-The Government leader, A. J. Balfour, in the House of Commons today made the following important statement:

"After two conferences between Lord Milner, the British High Commissioner in South Africa, and Lord Kitchener and the Boer delegates at Pretoria, Lord Kitchener, while refusing to grant an armistice on military grounds, has agreed to give facilities for the election and meeting of representatives of the various commands to consider the situation. The Boer leaders have therefore left Pretoria to carry out this plan."

Balfour added that it was not expected that communication between the British authorities and the Boer leaders could be resumed in less than three weeks.

Balfour's statement made a generally favorable impression: It was argued among the members that the action of the Boer leaders demonstrates that at any rate a majority of the delegates' favor the acceptance of the suggested British peace terms. The submission of the question to a plebiseite of the burghers is according to Boer law, which requires the leaders of armed forces in the field to take the opinion of their followers before con-
